SUMMARY

UI/UX Designer with a Computer Science background and strong foundation in user-centered design, wireframing, and prototyping. Skilled in creating intuitive, visually appealing interfaces using Figma while aligning design decisions with usability principles and business goals. Experienced in collaborating with developers and stakeholders to deliver seamless digital experiences. Seeking a UI/UX Designer role to design impactful and user-friendly products.

SKILLS

- UI/UX Design:** User Interface Design, User Experience Design, Design Thinking
- Design Tools:** Figma, Wireframing, Framers, Penpot, Prototyping, Component Design
- Front-End Technologies :** HTML5, CSS3, JavaScript (ES6+), Bootstrap, React.js.
- Collaboration:** Developer Handoff, Design Iteration, Feedback Incorporation
- Version Control :** Git and GitHub.

PROJECTS

- Food-Burger E-Commerce App (Figma)** - Designed a mobile e-commerce prototype with key pages (Home, Products, Payment, Profile, Chat) focusing on clean layout, easy navigation, and smooth shopping flow using UI/UX principles.
- Journify Travel-Guide App** - Journify is a mobile-first travel guide application designed to help users discover places, food spots, events, and stay options across new destinations — with a simple, intuitive, and clean UI. The goal of Journify is to reduce decision fatigue by presenting curated, reliable travel information in one seamless experience.
- IRCTC Website – Home Page Redesign** - Redesigned the IRCTC government website's home page with improved visual hierarchy, modern UI components, and enhanced accessibility to create a cleaner and more user-friendly experience.
- Educational Course Banner Design** - Created a visually engaging educational course banner focused on clear information structure, appealing Visuals, and strong layout principles for effective communication.

WORK EXPERIENCE

Indian Gardens | Pondicherry | Nov 2024 – Mar 2026

E-Commerce & Web Development Associate

- Collected and managed customer invoices/orders from major e-commerce platforms (Amazon, Flipkart, Meesho, etc.), ensuring accurate tracking and documentation.
- Assisted in building and customizing Shopify websites, including product setup, theme adjustments, and improving online store functionality.

UI/UX Design Intern – Duhzine IT Solutions | Mar 2026 – Present

- Worked on multiple live client projects including hospital websites, e-commerce redesigns, and branding-focused layouts.
- Designed wireframes, high-fidelity screens, and interactive prototypes for mobile and web interfaces.
- Conducted user research, competitive analysis, and heuristic reviews to improve product usability.
- Built reusable components and design systems to improve consistency and design scalability.
- Prepared presentation decks, case studies, and client-ready deliverables.

KEY PROJECTS :

1.**SI Homes – Real Estate Website** : A modern real estate website designed to help users explore properties easily. I redesigned the homepage, listing pages, and inquiry flow with a

clean, high-trust layout. Focus was on clarity, easy navigation, and strong visual hierarchy.

[!\[\]\(529949c2c3dadbaa4e538e8c643454bc_img.jpg\) Prototype \(or Live Link\)](#)

2. **Cliq Photography – Photo/Video Studio Website** : A portfolio website for a photography brand showcasing services, galleries, and pricing. Created a minimal, aesthetic UI with strong imagery, clear calls-to-action, and a premium visual tone suitable for creative businesses.

[!\[\]\(99f58673407353e96a019fbca558fd72_img.jpg\) Prototype](#)

3. **VHS Hospital Website (Department + Doctor Pages)** : Designed core hospital pages including departments and doctor profiles. Focused on accessibility, clean layouts, and easy appointment flow. Created a trustworthy, patient-friendly interface.

[!\[\]\(339a16584d5da0f0a3ca4e9ec17bf6a1_img.jpg\) Prototype](#)

4. **GoDigital – Digital Product Agency.(Landing Page)** : Designed a modern website and landing page for a digital product agency, focusing on clear messaging, strong visual hierarchy, and conversion-driven layout.

[!\[\]\(de95854c7ee024cfadc48187bbb781b2_img.jpg\) Prototype Link](#)

5. **Paytm Redesign (UI Exploration)** : I just focused on redesign one weak ux flow and in that flow i just redesign the ui visual design better.

[!\[\]\(6059a5aa8b4ca7bb793408023d6c6e42_img.jpg\) Prototype Link](#)

6. **Financial App (MoneyMate)** : A finance tracking app with a unique emotional Money Mood Indicator feature. Designed dashboard, insights, weekly reflection, and goal-setting flow. Focused on reducing financial anxiety with clean UI and guided workflows.
